Dream China Media Group
University of Missouri-Columbia,
Columbia, MO 65201

Dear sir/ Madame:

I was an undergraduate student at the University of Missouri-Columbia, and my major is business administration in the area of Finance and banking and Economic. I am writing to you to express my interest in a full time position of Market Research with Dream China Media Group. My academic and previous work and internship experience make me the perfect candidate for the department.

Through my business, finance, and economic course, I have developed strong skills in the area of analysis, assistant, and management and look forward to the chance to further develop my skills through a full-time job experience in your healthy and active department. My previous experience in the financial field includes an internship as an assistant in Industrial and Commercial Bank of China which is the largest bank in China. I also worked for PedNet Coalition as an internship, and my position is marketing and funding. In the PedNet Coalition, I researched companies with strong bike commuting programs to find hard data on the financial benefits of bike commuting programs for employers. These benefits are reflected in reduced health care cost, improved employee productivity, reduced parking costs, and tax savings. I hope I could be a member of your department to develop your operating budget

and to achieve departmental goals. And I believe that my professional experiences, global background, and business education will be a valuable asset to Dream China Media Group.

I would welcome the opportunity to talk to you further about my experience, qualifications, and interests as well as to hear about the employment opportunities within your department. I can be reached at (573)-777- 2407 or at xzkdd@mail.missouri.edu. Thank you very much for your time and consideration, and I look forward to hearing from you soon.

Sincerely,

Xiaoshu Zhang
