Major GPA: 3.5/4.0

- Achievement: advocated and negotiated with the Office of Academic Affairs to initiate the first “Undergraduate Research” course in the Department of Economics and became the first student of the class in Spring 2010

EXPERIENCE

Wolverine World Wide Inc (Dongguan)

Guangdong, China

Internship, QA assistant, Production Department

October 2012-March 2013

- Participated in making shoe upper paper pattern, sole model, and sample shoes
- Inspected quality control processes ranging from cost control, production line management (leather, cutting, stitching, forming), packaging, to shipment and delivery
- Solved a problem happened in the production line. One of them was a serious outsole curve of a style of shoes. By using last cartons in the finished goods and prolonging the heating process as well as correcting the last bottom length, the problem was solved and saved hundreds of thousands for the factory
- Accumulated in-depth knowledge about the structure of shoemaking as well as the manufacturing and logistic process of shoe factories in southern China
- Translated and wrote English mails and reports for senior managers in factories

ROC Air Force Command Headquarters

Taipei, Taiwan
